Business Statement

1. The growth of each log depends on its environmental factors, making each log a unique one. Due to this fact, KD Panels are subject to slight variations in color and grain from piece to piece, this portrays the natural characteristics of wood.
2. As a real wood product, your purchase is subject to rigorous quality standards and within an accepted imperfection rate. These imperfections can be eliminated at the time of installation. We appreciate your help in our mission to preserve our natural resources.
3. Some wood species are prone to seasonal supply shortages. Kindly check on product availability with us prior to placing orders.

## Product Introduction

KD Prefinished Panels – a decorative plywood overlaid with real wood veneer. To provide convenience during installation, KD Panels are prefinished with special UV coating and come ready-to-use. Multiple species are available in different variations such as dyed, wire brushed and rough cut, creating a variety of more than 200 products. Each panel also has its own matching paperbacked veneer for edging purposes.

Every sheet represents the timeless beauty of wood and can serve as an instrument to promote the character of an interior space. Whether it's for residential, commercial or hospitality projects, KD Panels provides innovative solutions for a designer's infinite creativity.
